

Networks Staff

The networks staff is responsible for providing support to the members and leaders of ACC's 19 practice area networks. In addition to managing the day-to-day operations of the department; developing governing policies, procedures and best practices; and strategic planning for network membership growth, increased member engagement and member value enhancements, each network staff member serves as the liaison to several networks. As liaisons they provide support to network leaders in planning and developing:

- Collaborative Events (virtual & face-to-face)
- Network/Sponsor Relationships
- Network Surveys
- eGroup Engagement
- EMEA/APAC Calls
- Event Marketing
- Legal Quick Hits
- Member Communications
- Membership and Event Data Reports
- Newsletters
- Roundtable Discussions
- Sponsor Resource Submission
- Succession Planning
- Networking Events

The networks staff should be your go-to for any questions, concerns or issues that arise in as you lead your respective networks.

Tori Payne

Vice President and Chief Membership Officer
payne@acc.com

 - Litigation
 - Small Law Department

Other Key ACC Staff

In addition to the direct support of network liaisons, network leaders also have the expertise of the ACC staff-at-large at their disposal. Each of the staff members listed below manage products and services that touch networks. Network leaders are free to reach out to these staff members directly as the need arises or, as always, can start with their network liaison who will be happy to provide guidance and point them in the right direction.
