**KEYNOTE SPEAKER
NAGIN COX**

TED Speaker, Interplanetary Storyteller & Space Exploration Engineer,
NASA Jet Propulsion Laboratory

The Importance of DEI

As a woman of color raised in a Muslim/multi-cultural household, Nagin Cox wasn't sure how far she could go. There were many challenges. But she never gave up on her dreams of exploring space and working for NASA's Jet Propulsion Laboratory (JPL). As a former US Air Force officer, an IBM engineer, and as one of the leaders of several missions at JPL, Cox has amassed a body of lessons learned in inclusion, diversity and coping as she has had the chance to work alongside some of the world's brightest. Using her trademark humor, she'll explore the critical importance of DEI, where everyone matters, feels welcome and has a chance to succeed, and how it can help your organization, too.

Register before **APRIL 22, 2022** for Early Bird Packages!
