UPCOMING PROGRAMMING

NEW YORK DFS CYBERSECURITY REGULATION AND ENFORCEMENT PRIORITIES

Join **Brian Montgomery**, a former Deputy Superintendent at NYDFS, to hear about recent NYDFS cybersecurity regulatory and enforcement priorities and how NYDFS priorities have influenced how all U.S. regulators approach cybersecurity. Brian will discuss key areas of focus for NYDFS, lessons financial services companies can learn from NYDFS enforcement, and tips for how regulated entities can prepare for the new NYDFS rules.

Meet the Board!

1

How has ACC helped your career?

I can't imagine where I would be without my friends from ACC. I consider them to be part of my extended family. I've served on the Board of Directors of the Chicago Chapter and rose through the officer ranks to become Chapter President. At the National level, I previously served as Chair of the Litigation Chapter and am now thrilled to volunteer with FSN where I enjoy helping to organize programming for the Annual Meeting. I can speak from personal experience about the power of volunteering and networking within ACC. Because of my involvement with ACC, I was introduced to the General Counsels of several organizations which ultimately led to me interviewing for my current position. If ACC didn't exist, I would have to create it :)

2

FUN FACT!

I LOVE MUSIC AND BEGAN COLLECTING VINYL PICTURE DISCS A FEW YEARS AGO. I NOW HAVE FRAMED AND HUNG OVER TWO DOZEN OF THEM.

3

What do you do?

I am Senior Technology Counsel for Hub International. At Hub, my primary responsibility is to negotiate and draft complex technology agreements. For the past ten years, I've served as an Adjunct Law Professor at the University of Illinois Chicago School of Law where I teach Drafting and Negotiating Complex Commercial Transactions to third year law students.
