NOVEMBER 1, 2023

## UPCOMING PROGRAMMING

**ESG AND FINANCIAL SERVICES  
CURRENT STATE OF PLAY AND  
WHERE DO WE GO FROM HERE?**

Join us as we discuss the current regulatory landscape of ESG and how financial services companies and the law firms that support them are approaching this ever-evolving area. We'll discuss the hot topic regulatory items, how people and firms are approaching and preparing for them, and critical issues and hurdles they are facing.

### What do you do?

I am Senior Counsel at IDEMIA, a multinational technology company specializing in identity-related security services, including facial recognition and other biometrics products, secure credentialing, and augmented identity solutions. I manage all litigations and investigations, including employment, stemming from commercial agreements as well as government contracts with federal, state, and local government and law enforcement agencies. I also cover trade compliance issues and all IP-related activities, including development and protection of the company's trademarks and patents. And I serve as the company's Data Privacy Officer for North America.

### How has ACC helped your career?

ACC has been an integral part of my in-house career - the ability to meet and discuss legal topics and regulatory issues with my peers across industries has been an invaluable resource, and one that I would not have had but for ACC. ACC also offers fantastic networking - over the years I have met many lawyers at ACC events whom I now count as close friends.
