THE ROAD TO EFFECTIVE LEADERSHIP

Faculty Biographies

Kathleen R. Gibson

Kathleen R. Gibson is senior counsel for environment, health, and safety at John Deere in Moline, Illinois. John Deere has manufacturing locations throughout the world.

She has just retired from her tenure as an editor of the Trends publication for the ABA's environmental section.

She graduated from Northwestern Law in Chicago.

Steven J. Ginski

Steven J. Ginski is chief counsel for environment, health, and safety (EHS) at International Paper Company in Memphis, Tennessee. His expertise includes compliance counseling and defense, negotiation, and representation of the company's businesses on a wide range of EHS issues. He also provides counsel and representation of company EHS interests in mergers and acquisitions matters, divested and surplus property remediation under solid and hazardous waste laws, permit negotiations, and appeals. Internationally, Mr. Ginski has responsibility for EHS legal matters with a focus in Latin America and Europe.

Prior to joining International paper, Mr. Ginski was an EHS attorney at Fort Howard Corporation in Green Bay, Wisconsin. He also practiced at Pfannerstill and Camp in Milwaukee focusing on litigation and business law.

Mr. Ginski received a Bachelor's from Thomas Aquinas College and is a graduate of Marquette University Law School.

Brian E. Heim

Brian E. Heim is senior counsel for environment, health & safety (EH&S) with International Paper Company (IP) in Memphis, Tennessee. Mr. Heim has counseled IP on a wide range of EH&S matters arising under federal and state environmental laws, private causes of action, and OSHA. He serves as lead counsel in negotiations with governmental agencies on air, waste, and water permitting and enforcement actions against the company and manages environmental litigation by and against the company. Mr. Heim also provides environmental counsel on mergers and acquisition, leases, and other contractual matters and is a principal crisis response attorney for the company.

Prior to joining IP, Mr. Heim was an environmental and toxic tort attorney with Womble Carlyle Sandridge & Rice in Charlotte, North Carolina.

He received his B.A. from Wittenberg University and his J.D. from George Washington University.

William M. Messner

William M. Messner is a senior attorney with Southern California Edison Company (SCE), in Rosemead, California, where he primarily practices in the areas of environmental, health, and safety, political law, and negotiating electrical franchises for the utility.

Prior to joining SCE, Mr. Messner worked for Exxon Mobil Corporation (ExxonMobil). While at ExxonMobil he spent many years as an environmental attorney and prior to obtaining his Juris Doctorate, as an environmental engineer remediating retail stations and product terminals.

Mr. Messner received his B.S. from California State Polytechnic University Pomona, his J.D. from Suffolk University Law School in Boston, and is scheduled to graduate from the University of California Los Angeles' Anderson School of Management.

Number 10: Sarbanes – Oxley and the Need for Internal Controls

- Sarbanes Oxley Certification Requirements
 - Certify in each report (eg. 10K & 10Q) that the financial information is fairly presented "in all" material reports
 - Material Reports Any factors or circumstances that a reasonable investor is substantially likely to consider important in making an investment decision.
 - CEO & CFO must certify that a system of "internal controls" have been established & are maintained to disclose material information.

ACC's 2006 Annual Meeting: The Road to Effective Leadership

October 23-25, Manchester Grand Hyatt
