Why IT matters

ACC Europe 2006 Annual Conference : Taking the Lead As In-House Counsel

Legal Department Success Dilemma

**“Excellent service will get
you into trouble”**

FrahanBlondé

Legal Department Success Dilemma

- The traditional, well performing Legal Department will come under pressure
 - Time pressure
 - Quality attracts additional work
 - More work from happy clients
 - New assignment, new responsibilities
 - Quality pressure
 - Degrading service levels: you can not cope with flow
 - Cost pressure
 - Increasing overhead "We need more people" eventually leads to "Why do we need so many lawyers?"

Legal Department Success Dilemma

“It is dangerous to focus on service excellence and client satisfaction without developing an environment that can cope with success.”

“Technology can help build that environment.”

Two Ways to escape Success Dilemma

- Work smarter not harder
 - Improve efficiency
 - No resources wasted : no duplication
 - Consistent advice
 - Reduce low value tasks (admin)

- Legal risk management
 - Client education
 - Focus on prevention
 - Dealing with the underlying causes, not the symptoms

 - Client self service
 - Stop fishing, start teaching how to fish

Technology can help

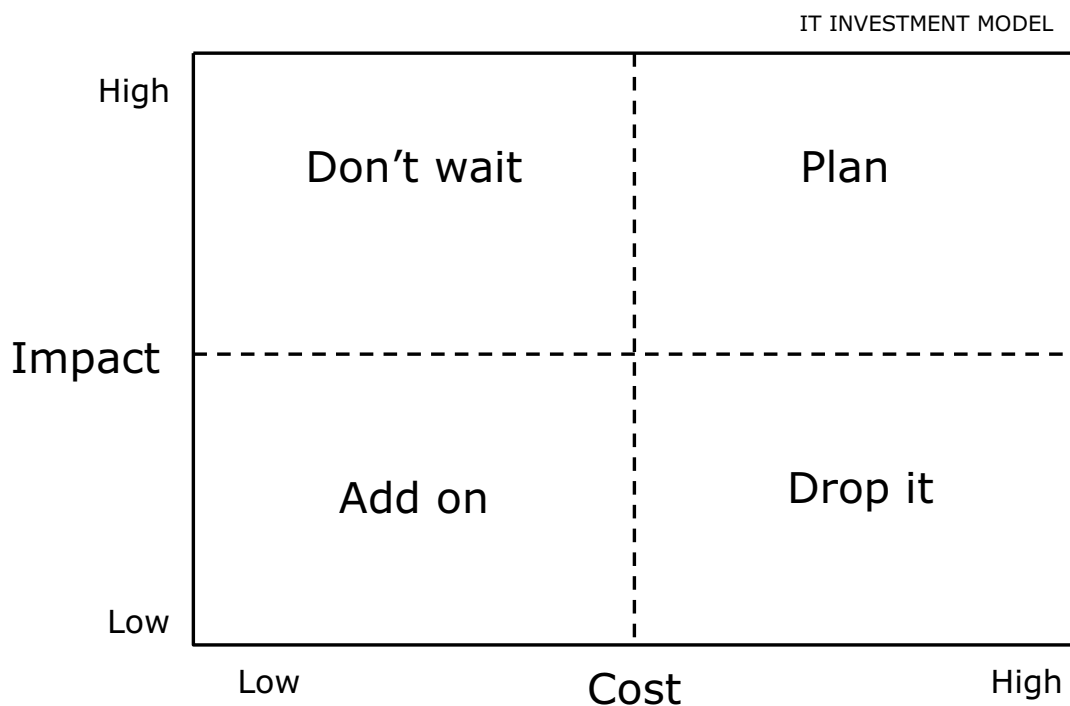

- Technology is a key driver to escape the Dilemma
 - Information sharing
 - Knowledge sharing
 - Task automation
 - Standardisation
 - Training
 - Risk detection

Investment Model applied to The Belgian Post

IT INVESTMENT MODEL

Strategic Legal IT plan

The Belgian Post

Matter Management System

- Implemented in 2005
- Functionalities:
 - Reporting
 - Matter & risk reporting
 - Statistics
 - Task automation
 - Template letters
 - Automatic calculation of provisions
 - Sharing of information
 - Filing & Archiving
 - Invoicing & Budget Control
 - Calendaring (Litigation)
 - Time Registration
- Future: web based
 - Remote access
 - Access by external counsel

Document Management System

- Management and sharing of all documents
- Functionalities:
 - Retrieving, sharing, tracking and distributing different types of documents
 - Linked to matters (Matter Management System)
 - Security
 - Version management
 - Electronic filing
 - Email management
- Major challenge: Email Management

Know-how system

- Electronic management of legal know-how
- Functionalities
 - Sharing of know-how
 - Advice
 - Library services
 - Policies & procedures
 - Standard memoranda
 - Standard contracts
 - Templates
- Major challenge: keeping documents up-to-date

Legal Intranet

- User-friendly portal to essential information
- Functionalities
 - Central gateway to
 - Matter management
 - Document management
 - Know-how management
 - Reporting tools
 - Budget management
 - Library services
 - Departmental news
 - Outside counsel extranets
 - Policies & Procedures
- Major challenge: System integration

Client extranets

- User-friendly portal to essential legal information
- Functionalities
 - User segmentation: extranet per business unit
 - Central gateway to
 - Segmented legal news
 - Segmented matter information
 - Document sharing
 - Education & compliance
 - E-learning
 - Online questionnaires
 - Accreditation systems
 - Self service
 - FAQ
 - Checklists and manuals
 - "How to" articles and policies
 - Standard contracts
 - Templates
- Major challenge: content tailored to the needs of the business

ACC Europe 2006 Annual Conference : Taking the Lead As In-House Counsel

Table of Contents

- **About The Belgian Post and its Legal Department**
- **Why IT matters**
- **Strategic Legal IT Plan**
- **Dealing with the challenges**
- **Q&A**

Dealing with the challenges

- “Step by step approach”
 - Long term planning & vision: 3-5 years
 - Don't wait – start
 - Detailed IT business plan
 - Ambitious yet realistic
 - Legal is a pioneer

- “Stop rewarding fire fighting”
 - Career path and bonus linked to the contribution to solve the Success Dilemma, not making it worse

- “Investment in specialised support, not in new lawyers or ‘paralegals’”
 - Example: Content Legal Intranet and Client Extranets is managed by a Communication Officer. No Legalese

Dealing with the challenges

- "Making lawyers comfortable with technology"
 - Recruitment
 - Training
 - Evaluation
 - Working environment: force them
 - Lead by example

- "KIS: Keep it Simple"
 - Focus on the core functionalities
 - Measure efficiency

Dealing with the challenges

“Legal IT is change management”

- Software companies help you with the easy stuff
 - Adapting the software to specific needs
 - Implementing the software
 - Training the users
- You are on your own for the hard part
 - Adapting internal processes
 - Changing habits
 - Changing lawyer’s mind set
 - Installing quality control mechanisms and discipline
